**REQUEST FOR BID
SAN MATEO CONSOLIDATED FIRE DEPARTMENT**

Personal Protective Equipment (PPE) - Isolation Gowns

Background Information

For nearly the past decade, the City of San Mateo, The City of Belmont/Belmont Fire Protection District, and the City of Foster City/Estero Municipal Improvement District had been working diligently to bring together fire services with the goal of providing a high level of shared fire, rescue and emergency medical services to all three communities, while also achieving a cost-efficient service delivery. The diligence culminated into the formation of a Joint Powers Authority (JPA) that was created on November 22, 2017, to form the San Mateo Consolidated Fire Department (SMC Fire), which represents the merger of the San Mateo, Foster City and Belmont Fire Departments.

SMC Fire commenced operations on January 13, 2019 and continues to provide integrated and comprehensive emergency response services to all three communities. The department has over 260 years of combined history providing emergency services to the cities of San Mateo, Belmont, and Foster City with a service area of approximately 38.5 square miles serving a population of over 164,000. SMC Fire utilizes ten engine companies and two ladder trucks from nine fire stations, has its administrative offices in Foster City, and its Community Risk Reduction Division in San Mateo.

On May 15, 2020, SMC Fire submitted for the Fiscal Year 2020 the AFG-S grant application on behalf of all twelve fire departments in San Mateo County. The purpose of this grant is to provide funds for the purchase of Personal Protective Equipment (PPE) and related supplies, including reimbursements, to prevent, prepare for, and respond to coronavirus. Each fire agency recognized the need for acquiring new PPE in response to COVID-19 and future pandemic responses within their respective agencies, and the grant application includes a letter of commitment signed by each department as “Participating Partner Agencies” as well as SMC Fire, who is designated as the “Host Applicant”. On July 17, 2020, staff was notified that the funding request was approved.

Discussion will cover cost, methods of operation, and all other relevant factors. SMC Fire is not responsible for any costs incurred by the Proposers, who shall bear their own costs in preparing and submitting proposals to SMC Fire and, if awarded a contract, costs incurred in negotiating its terms. At the conclusion of discussions, the Proposers will be ranked based on selection criteria, and final negotiations will be conducted with the proposer ranked first. If a satisfactory agreement can be reached, SMC Fire shall recommend to the designated approving authority that the bid be awarded to the Proposer; otherwise, negotiations will be conducted with each subsequent Proposer until a satisfactory contract can be established or until SMC Fire determines that rejection of all proposals is in the best interest of the Department.

Upon the recommendation to the approving authority, staff will award the contract to the Proposer whose proposal is determined to be professionally and technically complete. The selection process may, however, include a request for additional information or an oral presentation to support the written proposal; the price proposal will be considered firm and cannot be altered after receipt per the terms of this proposal, unless SMC Fire requests an additional financial proposal via a best and final offer. This does not imply a best and final offer opportunity will be available to the Proposers.

SMC Fire reserves the right to award this contract not necessarily to the Proposer with the lowest price, but to the Proposer that demonstrates the best ability to fulfill the requirements of the Bid and who provides the best value to the department.

The successful Proposer shall commence work only after the transmittal of a fully executed contract and completion of the New Vendor Packet (which includes a New Vendor Information Form, a W-9, and an Electronic Funds Transfer Request), and after receiving written notification to proceed from SMC Fire. The successful Proposer will perform all services and/or delivery all goods as indicated in the proposal in compliance with the negotiated contract. After the evaluation of the proposals and selection of the successful Proposer, all Proposers will be notified in writing of the selected Proposer.

Contractual Format and Terms

A written agreement will be entered into by SMC Fire and the selected Proposer. The form and terms of the written agreement shall be to the satisfaction of SMC Fire and contingent upon approval by SMC Fire, including insurance requirements to SMC Fire's satisfaction. The form and substance of the written agreement will substantially conform to SMC Fire's standard agreement form. The failure of the selected proposer and SMC Fire to agree to satisfactory terms in the written agreement shall deem the selected proposer to be non-compliant and SMC Fire may award the contract for services to a different party or cancel or re-issue the Bid.
